

# NCR RealPOS™ Customer Displays

Need a display that increases customer communication and your profitability?

YES

## The NCR RealPOS Customer Displays provide your customers with all the necessary transaction information

Increase customer satisfaction by providing the information your customers want during checkout. All basic pricing information, weights and measures, and complex character sets provide your customers with the information they need, and is a great complement to your total point-of-sale solution.

- **Flexible for any environment**

Designed to keep you competitive for global enterprises, we certify our products, ensuring they work wherever you plan to expand your business. Where applicable, our offers include weights and measures certifications, Euro and double-byte character support.

- **Designed for retail**

Ongoing support costs are minimized. Application integration is simplified with NCR's support for both OPOS and JavaPOS drivers. In addition, the NCR RealPOS Customer Displays are also available in beige or charcoal gray to complement your store décor.
